E.O./SA.

The attached is a Revised List of all Buildings within the E.R.D.E. compiled, as accurately as possible from—

- a) List of Officers to be called in case of Emergency at E.R.D.E (August, 1971 Issue as amended by Amend. No. 1 dt- 28th. February, 1972 and then Revised List received 2nd. August, 1972 (WAA/101/01/E)
- b). Minutes of Meetings - I.T.P.s with Authorised Costs. (WAC/23/02/A+B & A/5/8 Part II)
- c). Store A/c. Building Record Cards.
- d). Cost A/c. " "
- e). Liaison with C.D.O.

Not-in-Use and Derelict Buildings have been annotated accordingly (this information may be subject to correction) and it should be noted that the existence of some of these buildings is uncertain.

All buildings on this list have been "positioned" on map held by Store A/c. Section.
(with the exception of A.R.S & Observation Posts - the existence of which I have no proof.)

A weekly list of "Work authorised in connection with buildings" is being passed to St. A/c. by Mr. Hewitson. (as from 8th. April, 1972). This applies to only E.R.D.E Jobs. Contract Work and Demolitions will be noted when bills are paid.

Two ledgers are now held in Store A/c. i.e. -

Buildings - SOUTH SITE
" " - NORTH SITE

(These cover all buildings regardless of cost) and are annotated as "Capital" where Original Cost is £1,000 or over.)

Building Asset Cards are also held in Store A/c.

for all "Capital" buildings.
(These will be used by Costing Section for the purpose of recording Depreciation)

It will be appreciated if every effort can be made to notify Stores A/c (Capital Asset Section) of any major alterations or any building demolitions.

May I have your authority please to pass copies of this list to —

Mr. Fisher
(with one copy also for C.D.O.)
E.O. (Costing)
Mr. J.V. Griffiths (Safety Officer)
Inspector Pickles

D. E. Webb

2. The old E.9 (Refrigeration House) was scheduled for demolition in the Lee Valley Flood Alleviation Scheme, Contract N.26, but it was left standing because of contamination and will be demolished by E.R.P.E. in due course.

The new E-9 was built at an estimated cost of £1,000 in 1969 which was borne by the Lee Valley C.B.D. This cost will not carry a R.B.V. on E.R.D.E. records but the building will be classed as Capital.

8 The old E.11 was pulled down in the Lee Valley Flood Attenuation Scheme, Contract N. 26 and rebuilt at an estimated cost of £2,000 which was borne by the Lee Valley C. Bd. This cost will not carry a R.B.V. on E.R.D.E. records but the building will be classed as Capital.

However, depreciation on the Original 1964 Building Cost of £1,080 will continue.

If used later, by the Amateur Dramatic Society, this building will be moved and re-numbered.
