MAJOR NEIL FRASER GORDON, R.F.A.

Born 5th September, 1869; obtained his commission from Woolwich, February, 1889; served in 19th and 59th Batteries, R.F.A., going from the latter to the Indian Ordnance Department. Promoted Captain 15th April, 1899; Major 1st September, 1904, *vide London Gazette*, 2nd December, 1904. Proceeded with Field Park and other reinforcements from India to Natal, October, 1899, and in the Siege of Ladysmith did signal service in charge of a 6.3" R.M.L. howitzer. The privations of the siege brought on an acute attack of dysentery, which necessitated his being sent home on the relief of Ladysmith. He helped to raise 32nd Field Artillery Brigade and was its Adjutant for three years. Was appointed acting Staff Officer to Colonel-on-the-Staff, R.A., 7th Division, October, 1903. His Essay in the 'Duncan' Gold Medal Competition of 1902 was commended, and he was awarded the 'Duncan' Silver Medal of the R.A. Institution, 1904. In February of this year—the terrible disease to which he eventually succumbed—compelled him to become an invalid, and after many months of intense pain, which he bore with great fortitude, he passed away at Bexhill on the night of 31st October, 1904.

A well known senior officer of the Regiment has written as follows:

"Major Neil Gordon is a great loss to the Regiment; he was a very able keen regimental officer and a first rate gunner.

"To show his great ability and keenness the essay for which he was awarded the Silver Medal was written at the commencement of his fatal illness when in bed and suffering attacks of great pain.

"He was most popular amongst his brother officers, and the N.C.O's and men of the Brigade, of which he was the Adjutant, were devoted to him. He is deeply regretted by all those who knew him."

* An Obituary Notice will be published in the January, 1905, Leaflet.

In August, 1848, he embarked for Halifax, but returned in August, 1849, and in January following was appointed by Lord Anglesea to the newly created office of Director of Artillery Studies which he held to July, 1852. He was selected in Oct., 1854, to superintend the execution of contracts for arms in Belgium and Germany, and while still holding that appointment was appointed by Lord Panmure, Member of a Commission, issued by him in January, 1856, to consider the best mode of re-organizing the system for training officers for the scientific corps.

He was again appointed Director of Artillery Studies in 1858. He was appointed a Member of the Ordnance Select Committee in 1859.

The Duke of Newcastle, Secretary of State for the Colonies, selected him to proceed to the Fiji Islands, to enquire into the value of the group from a strategical as well as a commercial point of view.

He visited all the larger islands and found that the representations made to H.M. Government as to the value of the islands, were in many substantial particulars incorrect. He reported accordingly that he was of opinion "that it would not be expedient that Her Majesty's Government should accept the offer which has been made to cede to Her Majesty the 'Sovereignty over the Fiji Islands,' and he had the satisfaction of seeing his report approved.

Here he made magnetical and meteorological observations from 1st January to 30th April, 1860, including very careful determination of magnetic declination, inclination and force. He was elected a Fellow of the Royal Society in 1864, and was for some years a Member of the Meteorological Committee. He was a member of the Royal Irish Academy, and of other Societies.

He lies at the foot of the Cross he erected, at Carnmoney with the simple record :—

At the foot of this Cross
Repose the Mortal Remains of
GENERAL WILLIAM JAMES SMYTHE, F.R.S., M.R.I.A.,
(Royal Artillery),
Who Departed this Life, July 12th, 1887.
